

QUIZZES

Instructor Guide

1. **Quizzes.** Quizzes or checks on learning are used to reinforce cadet success. The quizzes reinforce the discipline it takes to learn the material and skills necessary to graduate from the Curry Achievement. The passing rate is 80 percent with each quiz consisting of ten questions and usually a bonus question. Partial credit is given for those questions that require more than one answer. Often the cadets will fail the first quiz; however, once the need to learn the information becomes apparent, they will improve. If they fail, reassure them and tell them that they can make it up during this training weekend. The Curry Achievement test should not be given until all quizzes have been passed.

2. **Quiz Syllabus.** The following quizzes are provided (w/answers):
